

1. About the Organisation / Research Group

Organisation Name	ATILIM UNIVERSITY
Department	INDUSTRIAL ENGINEERING
Contact Information	Name: Turan Erman Erkan Position in the Organisation: Assistant Professor Tel: +90 312 586 8351 Fax: +90 312 5868091 Email: ermanerk@atilim.edu.tr

2. R&D Capabilities

Areas of R&D Expertise / Primary Functions / Products or Services	<p>Structured under 5 Faculties and 22 Departments in total, Engineering Faculty of Atilim University consists of Departments of Industrial, Civil, Computer, Electrical & Electronics, Mechatronics, Manufacturing ,Materials, Software and Information Systems Engineering. Graduate School of Natural & Applied Sciences offers various Ms Degrees related with the above disciplines. Besides, Atilim University offers a unique PhD program on MODES (Modeling and Design of Engineering Systems) , developed as a research based, interdisciplinary, advanced study with interdisciplinary courses and an advanced multidisciplinary research study.</p> <p>Primary expertise topics of Industrial Engineering Department include: Supply Chain Modelling, Logistics, Advanced Statistical Modelling, Enterprise Resources Planning Systems, e-business, Business Process Reengineering/Management</p>

3. Interests for R&D Collaboration in FP7 Transport Theme

X	SST.2008.1.1.9 Green corridors
X	SST.2008.2.1.1 Efficient interfaces between transport modes
X	SST.2008.2.1.2 Improved services in terminals
X	SST.2008.2.1.5 Co-modal IT transport solutions
X	SST.2008.2.5.1 Interoperable rolling stock
X	SST.2008.2.7.1 Policy-packages and best practices for transport

FP7 Transport (Inc. Aeronautics)
