PROJECT

Title:	Acronym:
---------------	-----------------

Project type	<input type="checkbox"/> Large-scale integrating collaborative project <input type="checkbox"/> Small or medium-scale focused research collaborative project <input type="checkbox"/> Targeted to SMEs <input type="checkbox"/> Network of Excellence <input type="checkbox"/> Coordination and Support Action <input type="checkbox"/> Research for the benefit of SMEs <input type="checkbox"/> Other (Marie Curie Actions, ERA-NET...)
Status	<input type="checkbox"/> Planned for submission <input type="checkbox"/> Running project
Call references	<input type="checkbox"/> 1st Call <input type="checkbox"/> 2nd Call

Priorities' Main Research Areas (Topics from Workprogramme)	KBBE-2007-3-2-07: Novel enzymes- The search for novel enzymes and microorganisms for different bioprocesses . Call: FP7-KBBE-2007-2A
Keywords	Novel industrial microorganisms. Bio-products Bio-degradation Tolerance to biotic & abiotic stresses.

Commitment/Work to be offered	Production of efficient enzyme mixture of cellulases and peroxidases for hydrolysis of agro-industrial lignocellulosic wastes. Enhancement of bio-products from microorganisms needed for industry and biological control of plant diseases. Induction of protoplast fusion between the highly efficient strains for obtaining new recombinant strains tolerant to environmental stresses such as temp. pH, toxic substancesetc.
Partners already involved	
Project budget (for the running projects)	

Profile of Partner Sought

Role	<input type="checkbox"/> technology development <input type="checkbox"/> research <input type="checkbox"/> training <input type="checkbox"/> dissemination <input type="checkbox"/> demonstration <input type="checkbox"/> other
If another role expected, please specify it here	
Country /region	
Start of partnership	<input type="checkbox"/> start-up phase <input type="checkbox"/> mid-term <input type="checkbox"/> end-phase
Expertise required	Scaling up for mass production. Technology transfer.
