

The shapes in the logo intertwine and symbolize the cooperation & joint exploration of science, between Europe & South Africa which is at the heart of ESASTAP.

The logo's arrow-like symbols suggest the flow of benefits between the European and South African science community.

The two arrows interlock

as the scientists from the EU and SA jointly seek to ...

RESOLVE MAJOR GLOBAL ISSUES

... the horn-shapes also represents the "horn of plenty", it hints at ESASTAPS's aim to derive benefit for the people of the participating countries.

ESASTAP
 european - south african science and technology advancement programme

South Africa is represented by its flag. No single colour can represent South Africa in the same way its six-coloured national-flag does, with its striking horizontal Y. The flag was adopted on 27 April 1994.

The European Union is represented by the European Union Flag with its 12 golden stars (the original member nations) on a blue background.
