# FP7 budget breakdown in € million<sup>1</sup>

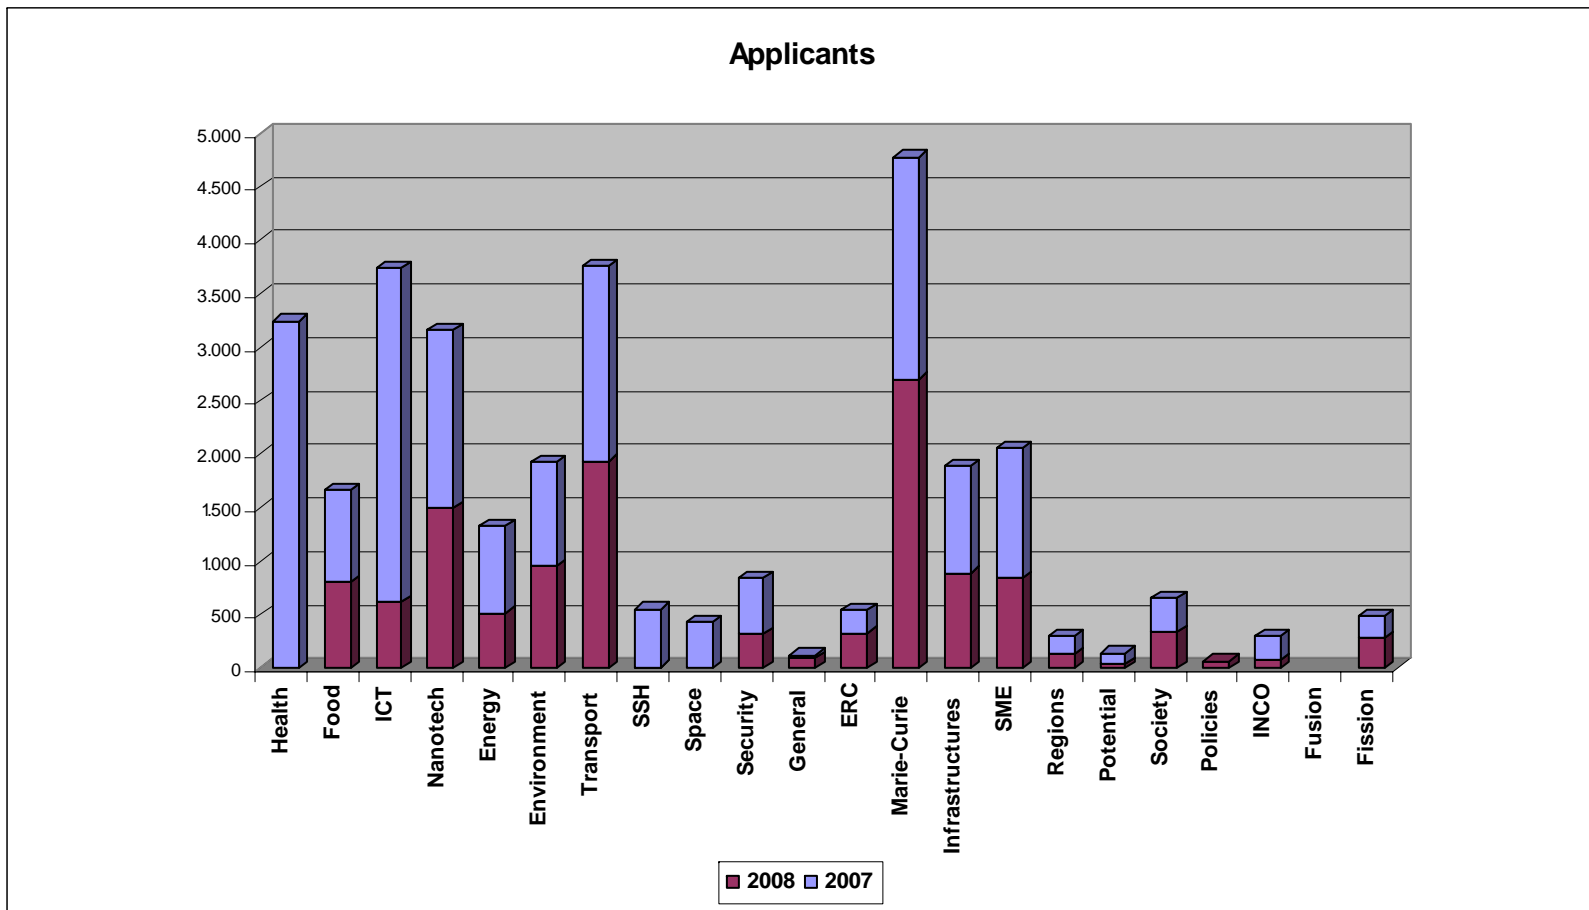

<sup>1</sup>EURATOM FP budget of €2.7 billion over 5 years not included

## For calls launched in 2008

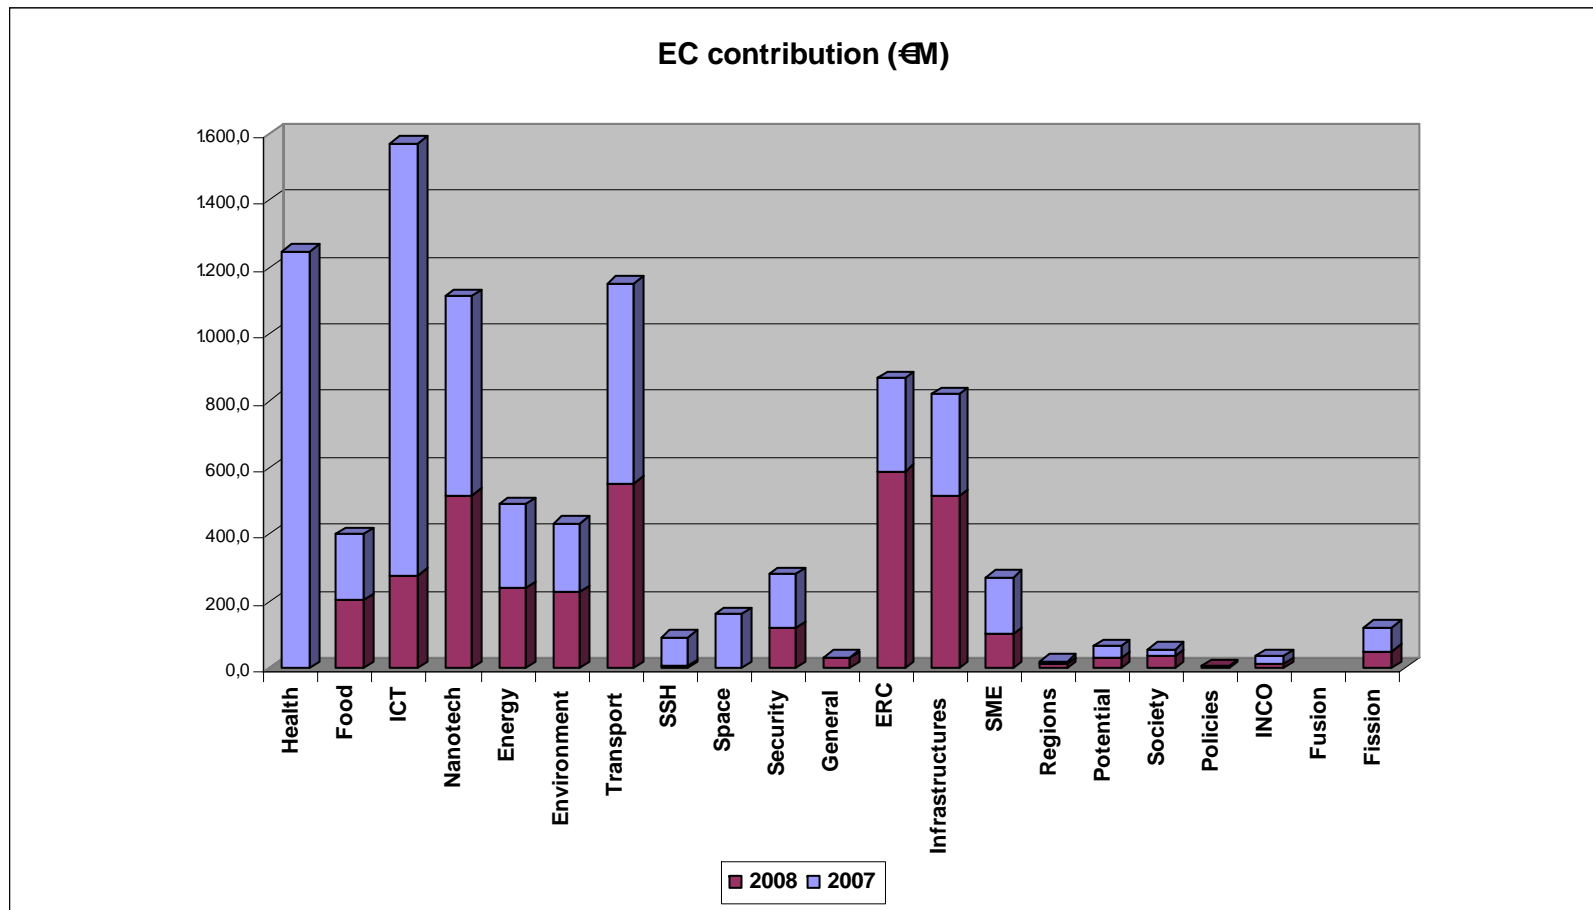

Around 12.500 applications were received and some 2.300 proposals finally retained.

The retained proposals include some 12.400 applicants and a requested Community funding of € 3,5 billion.

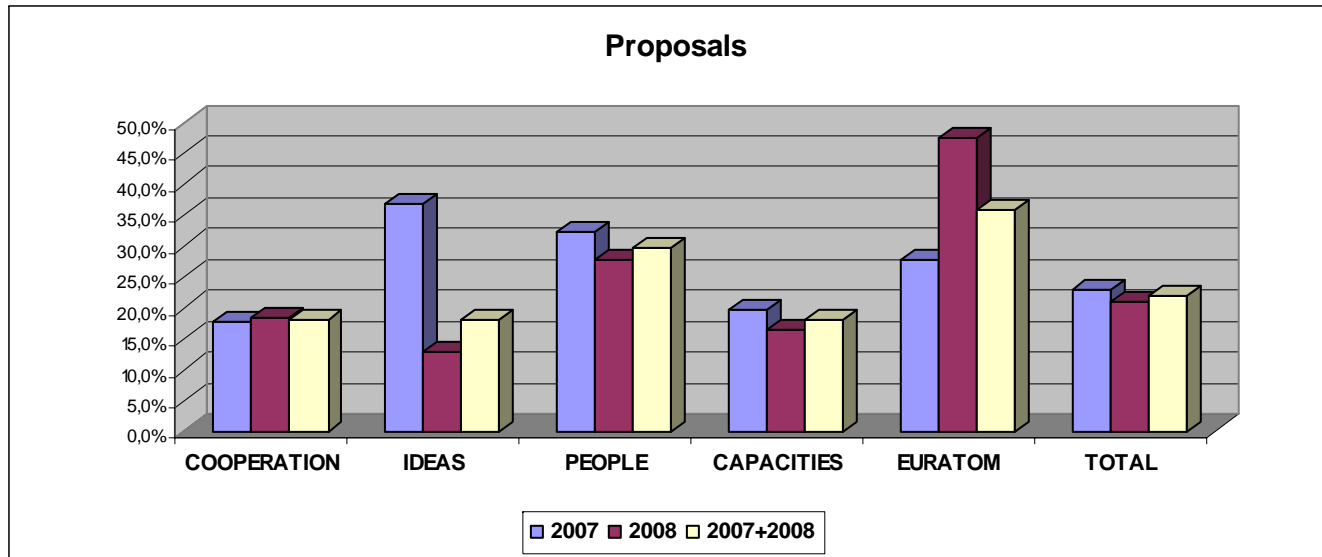

# Applicants

# EC contribution (€ M)

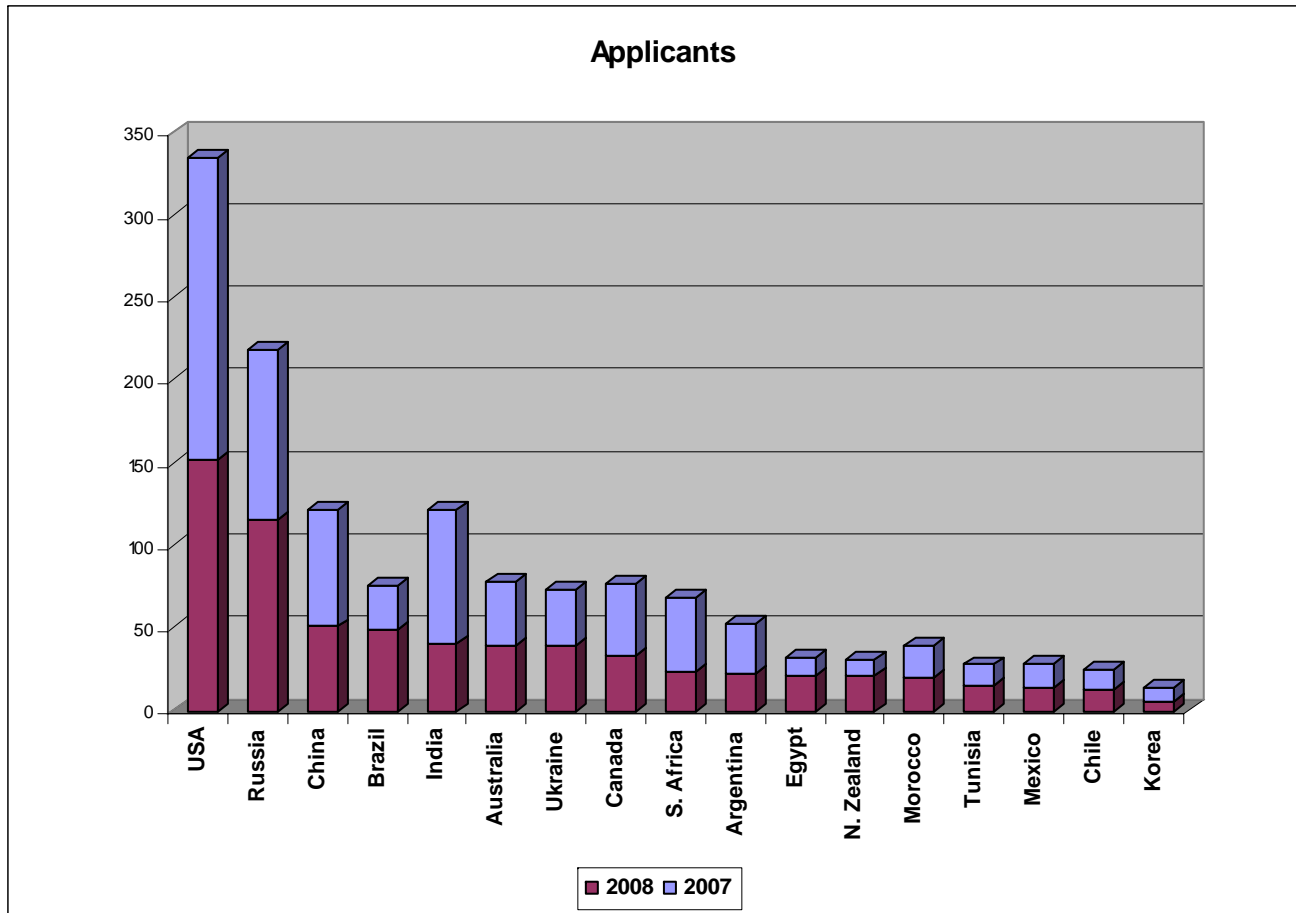

# Success rates in proposals, for FP7 calls concluded in 2007 and 2008 by specific programme.

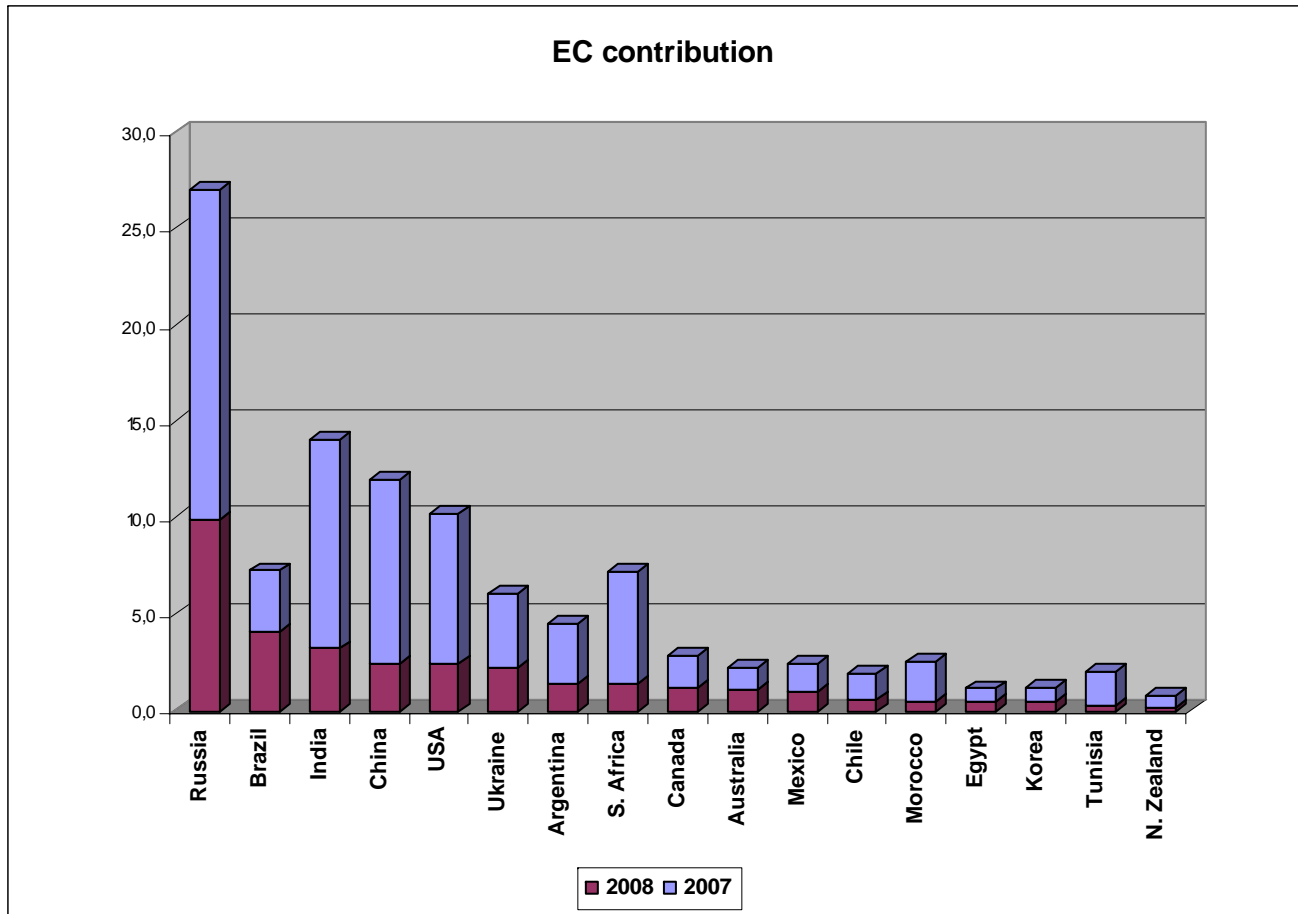

# Third Countries

- In 2008 there are 804 applicants from as many as 63 'Third Countries' with a total requested EC financial contribution of 44,8 million euro in retained proposals. These figures represent 6,4% of the total number of applicants and a mere 1,3% of the total amount of requested Community contribution in retained proposals, and correspond to a success rate of 24,7% for applicants and of 15,2% for requested EC contribution.

# Numbers of applicants in retained proposals for FP7 calls concluded in 2007 and 2008 by Third Countries with S&T agreements.

# Requested Community financial contribution in retained proposals for FP7 calls concluded in 2007 and 2008 by Third Countries with S&T agreements.

## Calls launched in 2008
