

FP7 Coordinated Call for Africa

As part of the so-called FP7 Coordinated Call for Africa, the Health call has a specific focus on Africa, namely on the following topics (for these at least two African partners are required per proposal, i.e. finding African partners becomes a requirement for participation by European researchers):

HEALTH.2010.2.3.2-4: Controlling malaria by hitting the vector: New or Improved Vector Control Tools.

HEALTH.2010.2.4.1-4: Infectious agents and cancer in Africa.

HEALTH.2010.3.4-1: Develop and assess key interventions and policies to address the human resource crisis in the health sector.

HEALTH.2010.3.4-2: Feasibility and community effectiveness of innovative intervention packages for maternal and new-born health in Africa.

HEALTH.2010.3.4-3: Building sustainable capacity for research for health in Africa.

HEALTH.2010.3.4-4: Assessment of migrants' health, disease patterns and impact on health systems.
